

Frequently Asked Questions

Where? Indoors or Outdoors, you will find "a ton" of choices for what your portraits may include. We use several different "on-site" locations for our outdoor portraits. Our many indoor settings and backgrounds will also be suggested to fit your clothing choices. We hope to ensure that whatever your style, your portraits will be unique.

When? Senior's portraits are usually begun in June following your junior year. Many seniors schedule their appointment in July or August just as they begin that senior year. Depending on your yearbook deadline, you may have your portraits taken up until mid-November. Hall Photography offers "Early-Bird" specials to seniors who have their portraits taken before mid-July.

Proof Books for Seniors include custom designed covers and personalization. These are keepsakes in their own right and make your portraits stand out! See below for pricing.

What Are My Yearbook Photo Specs?
Schools prefer a close-up "headshot" or waist-up vertical pose for the senior yearbook pages. School policies vary, but Hats, Props and Pets are discouraged. We will provide the photo you choose** directly to your school yearbook advisor. These also may be used for scholarship applications.

Do I get to decide where and what to have for my backgrounds?

Yes! We will sit down with you so you can see what we can set up for backgrounds and places we can go to during your session. Your choices for what will look good with the clothing you've chosen, and what will go with your interests and overall "look" will make your session unique. We Will Not use the same series of cookie cutter backgrounds for each session... You Will Stand Out!

What's The Difference - compared to other photographers...
It is Our Style and Our Attitude for senior portraits. Over the years we have achieved a reputation for outstanding quality and variety. We put a tremendous amount of energy into creating unique portraits for our customers! With digital photography, we know you're offered so many options, and we take care of *all* the details, so you're not left doing the work yourself. We're not just learning and this isn't just a part time job... Put our experience to work for you!

Get Everyone Together for a Special Group Photo!

How Long Will My Session Take?
We allow up to two hours because of the clothing changes many seniors use and to provide a session with much variety. (If weather becomes a concern due to rain or heat we will work with that as it happens.) We strive to make your portrait session enjoyable and exciting. Customer satisfaction IS our #1 priority. Your proofs will be ready in 7-10 days. Finished orders take 5-6 weeks.

How Much Will I Spend?
At Hall Photography you are encouraged to decide what you need and that is all. No minimum order ... no high pressure. We offer popular package specials designed with your needs in mind and they are at a package rate lower than individually ordered portraits. **Expert Retouching** is included for all enlargements to ensure our best finished product. We also provide framing services.

"You'll Like Our Style!"
